St. Aloysius Catholic School Families,

I'm done with the snow and have had my fill:-) I pray this spring is a mild one! The teachers and I commented recently how quickly March has come to our doorstep! We've been so blessed to have normal attendance except for last week's snow days. Of the 3 days during which we were not at school, only Thursday's loss is a true "lost" day. That will be made up on Wednesday, May 26th as our last day of school for PK-8th grades.

I should be able to publish our updated Tuition Schedule for next school year in the Family Envelope and online next week. Things are looking great! Speaking of next year, if you know of someone who is looking for a powerful, faith-filled school for their children, please share our contact information and send them our way. New, interested families continue to tour and talk about what they seek for their children. One important message to share: "Going to St. Aloysius Catholic School is more affordable than you might think!"

Peace in the Lenten Season,

Mrs. Voors

Please meet our Kindergarten teacher, Mrs. Kiracofe!!

Greetings from Kindergarten! Wow how this year has flown! In early August, before school even started, I remember I had a feeling of apprehension for this school year because of all the new terminology...social distance, quarantine, mask wearing and contact tracing. I thought we would constantly be interrupted by all the "symptoms" of the pandemic. However, as the days turned into weeks and weeks turned into months I realized how lucky I am to be teaching at our little country school. Like all my fellow teachers, teaching at St. Aloysius is my vocation, one that I am extremely grateful for and do not take for granted. I cannot imagine being in any other school, with any other students or co-workers. I would like to take this opportunity to say THANK YOU. Thank you to all the students who work hard every day and follow the rules and directions even when they may not feel like it. Thank you to all the parents who took the extra time to temperature check or searched half the morning for a mask! Without each and every person's perseverance and desire to be in school, we would not have had the uninterrupted, successful year that we have had. Great job Gators!
