

## **GATOR GOINGS-ON, OCTOBER 16TH, 2020**

Dear St. Aloysius Families,

Thank you for your patience as I am delayed by a day in getting the newsletter to you. We pray you are all doing well and are healthy! We praise God too with gratitude for the ability to remain in-person here at school. We are in constant contact with the Allen County Department of Health regarding proper procedures in our school to maintain the most healthy environment possible. Should there be any significant change to our status, you will be notified immediately. We should all remain vigilant each and every day to pay attention to our bodies and our interactions with people around us.

We see this as a way to serve one another - to make personal decisions that are for the benefit of others. Let us "put on Christ" and may our Holy Mother, Mary, give us strength and courage to maintain the narrow way.

Peace and health,

Mrs. Voors
